to keep those pounds away

Annoyed at those extra pounds? there's a cleanse for that. Revive yourself with our 3 or 5-day juice cleanse packages that detox, refresh, and revitalize your body. Squeezed fresh for tons of vital nutrients. Wellorganic juices are the weight loss ingredient you've been looking for

The B'nei Yissoschor writes: "There is a tried and proven Chochmas Harefuah in Chodesh Iyar to cleanse the kidneys and gal; since most weaknesses and disease is a result of food that is bad for the body... Because in Chodesh Iyar they started to eat the mann [in midbar] which absorbed in the organs and healed all types of illness, therefore, this month remains a segulah forever to cleanse and heal."

# NO ONE SHOULD BE LEFT OUT

We urge you to ask your family, friends, Shul Mispallelim, colleagues and neighbours to ensure that everyone in the community registers and becomes a member of Areivim.

Let us not heap guilt onto the mound of tragedy. In the merit of this real 'chesed shel emess' may אמן, save all of us from tragedy. אמן.

Don't leave it to the last minute!

### To The Person Concerned About Swallowing Tablets

I had the same problem with my daughter, we used the following method and it solved the problem.

I gave her to chew (NOT YET SWALLOW) something like crisps, pretzel, cracker, etc. Once it was well chewed she put the tablet into her mouth into the chewed food and then she managed to swallow easily everything together without any problem.

A.O.

### Dear Readers

*More on swallowing tablets:*

Drinking from a bottle, when trying to swallow tablets, really helps. The child automatically tilts their head back.

### Dear Readers

I would like to warn the kehilla of the dangers of fluorescent lighting.

The day after Yom Tov, a fluorescent tube light in my kitchen exploded causing severe damage to my kitchen, which affected the rest of the house as well.

The firemen attributed the explosion to the fluorescent tube. I have since checked and note that since September 2023, fluorescent lighting is illegal to sell due to the hazardous mercury contained within. LED lights are safer, cheaper to run and brighter.

Wishing you all a Gezinte zimmer.

Mrs H Gottesman

### Dear Readers

*Re: Freedom Health Insurance*

I would like to make the public aware that if you have a policy with Freedom Health and a patient needs to be admitted WITHIN 24 HOURS of

diagnosis, the patient will NOT be covered.

Also if you are using an HCA facility you will have to SELF PAY the cost of the stay and then claim back from Freedom Health.

Mrs G.B.

### Dear Readers

I would be interested to hear your experience with insurance on Home Appliances. Is Domestic & General the best option or are there other competitive companies?

Please reply through this column.

E.G.

### Dear שדוכנים

I want to write about something that really bothered me in the last month, it was חודש ניסן, all our Buchrim came back from yeshiva and it was the time for the Shadchonim to try to offer us שידוכים.

I have 3 children in shiduchim and of course we are already looking forward to seeing them build their Jewish home.

But it seemed that the shadchonim were only looking to make their money and not the good of the family, I felt that they were offering me all kinds of unsuitable things and if I tried to tell them that it was not suitable for our family, they just started explaining to us that it was suitable and that we were living in a mistake and that we should trust on them.

How can such a thing be done? Do they know my family better than I do? Do they know my children better than I do? Do they know better than me what suits me?

I think the shadchonim should be taught how to make שידוכים and how to talk to parents, because sometimes they just spoil instead of helping.

They need to know that you can't just suggest things without thinking first that it's appropriate, they need to know what type of family is appropriate and not just throw names and shame people.

Yours,

S. K.

## Against all Odds: Child is Cured

Sarala\* was an active, adorable eight-year-old. But that afternoon, she looked pale and frail as she sat beside her worried parents in the hospital waiting room.

Could it be? Was their precious princess truly battling the dreaded disease?

The medical team kindly yet bluntly explained that there was little hope. It was a matter of days.

Days? That's what the doctors say.

But the distraught parents decided to sing a different song. "Only *Hakadosh Baruch Hu* could determine our days," they said. "Life is in His hands."

They knew where to turn. The *Tehillim'l* which has been an anchor for *Klal Yisrael* throughout the generations as we weathered storm after storm, is a true source of comfort. *Yidden* across the globe would *daven* for Sarala. The *Tehillim Kollel* *minyán* immediately added her name to the list, *davening* with extra devotion for her complete *refuah*.

You couldn't dream up the ending to this story; it's fantastic even for the storybooks, only it's true! The next regimen of testing came back with astonishing results. Sarala was clearly on her road to recovery. And quickly.

The doctors couldn't believe it. But Sarala's parents knew it was their belief in the Ultimate Healer and the heartfelt words of *David Hamelech* which had brought this much-awaited yet unexpected conclusion.

\*Name has been changed.
