# CHILDHOOD VACCINATIONS PREVENT OVER 5,000 DEATHS AND OVER 100,000 HOSPITAL ADMISSIONS EACH YEAR IN ENGLAND

Act now! Book or walk in to our June immunisation clinics

“**Immunise your child as soon as they are eligible. Vaccines are safe and rigorously tested. There is no benefit to delaying!**”

*Dr Jacob Opat, Cranwich Road Surgery*

- **Early protection:** Vaccinating on time provides immunity from early on, before babies and children are exposed to serious illnesses.
- **Keeping safe:** Don't wait for your child to start nursery or for an outbreak. There may not be enough time for the vaccine to work.
- **Protecting others:** Children who are not vaccinated on time can spread illness to newborn babies who are at higher risk of serious complications e.g. whooping cough.

**TO BOOK AN APPOINTMENT OR TO DISCUSS HOME VISITS,  
CALL CATHERINE ON 07469 351784**

(You can also leave a message on answer phone or call your GP practice)

Immunise children 0 – 18 if unvaccinated/partially vaccinated, or have missed the school-age Year 9 vaccines.

With heartfelt thanks to Yad Miriam for being there at our most vulnerable time. Yad Miriam was there when no hospital staff were available. Arriving shortly after birth, bringing along requested goodies and doing everything to make our stay in hospital as easy and as pleasant as possible. I rested well knowing my baby was in the best care whilst my husband could go home to the other children and also catch some much needed sleep.

# Your Write LINES

To submit letters for Your Write Lines  
Please email to [info@thenewsupdate.co.uk](mailto:info@thenewsupdate.co.uk)

### Dear Readers

To the worried mother about your teenager, indeed one would be worried, however, whilst there may be positive letters advising alongside this letter, it may not be appropriate to bring out this sensitive topic in Write Lines.

Any unprofessional or off track advice may cause more harm than help. Cases are not like for like and opening up on this issue can have various adverse influences and effects to readers.

Together with the advice you will get from the right "shlichim" let me finish with an encouraging chizuk vort.

Y aakov Ovinu's tefilla ונתן לי לחם לאכול ובגד ללבוש ..... of course bread is for eating and clothing to wear? So the concept is: ..... we need a special tefillah not only to gain the bread and clothing, but to be always in a condition to consume the bread and clothing! To enjoy what Hashem gives us!

The Ovois Hakdoishim davened for all generations, they gave us the strength and opened the way to continue with the same tefillah in our own words! Included in this tefillah is also the siyata dishmaya to find the right help and advice.

We the readers and writers are now being mispalel all together a short tefillah k'ish echod b'lev echod for the worried parent and gantz klal yisroel!

**B.K.**

### Dear Readers

A while ago I suffered from a lingering cough which kept me up at night. After trying different remedies without success, my doctor recommended taking an over-the-counter antihistamine in the evening. I bought the Tesco one-a-day hayfever

and allergy relief, 10mg Loratadine tablets, and each night I took it, I ה"ה slept well.

I shared this idea with others and received lots of positive feedback. I was therefore inspired to write this letter in the hope that I could help many others too. You should check it out with your doctor, but since it is an over-the-counter medication taken by hayfever sufferers for months at a time, it should be okay for most people.

May Hashem help us all to be healthy.

**H Fried**

### Dear Readers

*Re: Childcare*

The officers of Childcare are phoning childcare providers to check about the children. They ask which bank account the payments go into and what hours the children are there.

Please ensure that the provider knows the given name as well as the yiddish name that they are called by.

Much hatzlocho.

**Mrs R R Lenzky**

### Dear Readers

When CPZs were introduced in a creeping fashion across Hackney, the Council declared they were purely to prevent outside commuter parking or car-dumping. Even so they were charging way over the odds and should have sufficed with a nominal charge for administration costs etc.

But once we've been "educated" to pay for parking outside our own homes, Hackney Council in its infinite wisdom has moved the goalposts and "changed the way we charge for parking permits"! Suddenly it has become an alleged system to counteract global warming and/or encourage cycling! At the same time as raising the unfair charges over the next

five years, they have also arbitrarily removed the subsidies for pensioners who most need their cars to maintain their mobility (are over-60s also now expected to switch to biking?).

Hackney residents already pay council tax and car tax, so why are they now being charged what has effectively become a second car-tax? And why are our local Councillors allowing Hackney Council to convert this into another revenue stream by subterfuge just when they're reducing elemental services like dustbin collections?

**Miki Achbar**

### Dear Readers

Dryer and Hoffman Ltd has recently announced that the business will be closing down next week. I am sure many of your readers will be sorry to hear of the closure of this business, which operated in the import-export textile and clothing industry, after 93 years of serving the community with dedication and care. As a wholesaler also offering some retail services, it afforded many a household the opportunity to benefit from cut-price goods alongside personal service with a Yiddishe 'chein'.

I thought your readers who had benefited from Dryer and Hoffman Ltd's services over the years might be interested in expressing their thanks to the owners for their years of dedication. Their address is Unit 4/Lockwood Ind Park, Mill Mead Rd, London N17 9QP, email: [info@dryerandhoffmanltd.com](mailto:info@dryerandhoffmanltd.com). Please mark for the attention of Mr Paul Hoffman.

With thanks, and wishing all the community a happy, healthy summer.

**Mrs R. Atkins
