SUPPORT THE SCHOOL STREETS WARNING SIGNS FOR THE BENEFIT OF THE ENTIRE COMMUNITY AND ALL LOCAL DRIVERS!

As readers will see from the correspondence below, the Planning Department of Hackney Council are seeking to remove our clearly visible warning signs alerting drivers of the School Streets scheme and the penalties they can face by entering them.

These signs have clearly been extremely effective and are appreciated by thousands of local drivers. Yet Hackney Council Planning Department are still refusing to meet us to discuss this issue, despite our continued requests for a meeting – see below.

Please express your support for our signs, explaining politely only but firmly that these signs effectively remind drivers when the School Streets scheme is in operation so that they avoid these streets, which is for the benefit and safety of children and adults, as well as saving drivers from heavy fines, and ask for the cancellation of plans for their removal.

To show your support for this campaign, with advice and/or financial support (to cover the cost of the signs, publicity and legal representation - if required), contact us by email kidssafetyonschoolroads@gmail.com or phone 07488362793

to me

Good Afternoon,

Hackney Council has opened an investigation regarding the installation of signage (picture below). The Planning service is not aware of any consent for such a sign, this matter has additionally been passed to the Council's Streetscene team.

Please respond to this email with any further information about the sign.

Kind regards,
Ryan

Dear Ryan

We are in receipt of your email 11.04.24

As a group who are concerned with the health and wellbeing of our future generations we are doing our utmost to protect them. The pollution caused by traffic, especially by slow moving and stationary vehicles, is of paramount concern.

As we saw that the signs were ineffective we erected the more visible warning sign to inform drivers that during prescribed hours i.e when the lights are flashing, do not enter, and these have been very effective and widely praised.

We were not aware that permission for the erection of a public notice on private grounds needed consent from the council. Hence that it has come to our attention the necessity of some form of consent by the council; we are asking you, who presumably have the same ideals as us to reduce the pollution especially whilst our children are going to and from school, to expediate the necessary permission if required.

I would be grateful if we could meet in person to discuss this issue. As the Jewish festival of Passover begins in just over a week we are very busy at present but would be available to meet early in May.

Wishing you all the best and awaiting your positive response

Yours

Apr 18, 2024, 11:37 AM

Dear all,

Thank you for your response in relation to the signage. The planning enforcement team has discussed this development and found that permission is unlikely to be granted.

I can confirm that the sign itself requires Advertisement Consent and Planning Permission. Owing to the display of the advertisement facing the junction and the flashing lights, there is concern over public safety on the highway.

We appreciate your intentions to improve public safety for school children. However, any such application would assess the design of the sign and its impact on all highway safety. Owing to the flashing lights and prominent location on the junction, I don't consider that this sign would be acceptable if an application were submitted.

You'll therefore need to remove the sign

We'll provide an informal timescale for the removal to take place for 1 month. Therefore, from the date of this email, should it not be removed by 18th May 2024, the Council will need to consider taking formal action through serving an enforcement notice on the land.

Kind regards,
Ryan

Dear Ryan,

As mentioned in our previous email our Passover holidays just ended and therefore we only had now the chance to read your reply.

We were extremely surprised at your reply and especially at the fact that you ignored our request to meet with you to discuss this important issue.

Please can you provide us with the legal basis for your statement that this notice to the public requires both Planning Permission and Advertisement Consent, and the reason why permission is unlikely to be granted.

Considering the primary concern for the safety and health of our children shared by both parties, we appeal to you to reconsider, and again repeat our request for a meeting with you to discuss this important issue and hopefully reach an agreement that is in the best interests of our children as well as of local residents and of all concerned.

Dear Ryan

It is now some time since we first wrote to you asking to meet to discuss our joint efforts and concern for the success of the School Streets scheme, for the benefit of local children and all local residents. You have replied informing us about the planning issue, but there was no mention of arranging a meeting. We are sure that we could make progress if we meet, and eagerly await your early response on this.

Kind Regards

Ryan Pinkett

THU 16/05/2024
11:52AM

Dear Kidssafetyonschoolroads,

Thank you for your email. From a planning perspective, this meeting won't be necessary as the sign is contrary to local and regional planning policy. In its current state it would not gain planning permission.

Therefore, the Council will provide 28 days from the date of this email for the sign to be removed, after which formal action in the form of a Notice will be considered.

Regards,
Ryan

THU 10:36 PM 16/05/2024

Dear Ryan,

We were most surprised and disappointed at the content and tone of your reply. If the Council has a genuine concern for the safety and health of our children, surely a meeting would be useful to see if there is a way that this signage could be modified (if necessary) to comply with any relevant regulations.

We would also be grateful if you could provide exact references to the local and regional planning policy which you feel is being infringed here.

Yours

Dear Ryan

It is now some time since we wrote to you and we find it most surprising that you have chosen to ignore our repeated requests to meet with our group for the benefit of all local residents, whilst threatening to remove the notices we have displayed encouraging drivers to avoid driving through School Streets. We fail to understand why you should be opposed to our efforts, rather than wholeheartedly supporting them.

We hereby request that you please inform us the legal basis for your assertion that notices of this kind should be considered a development and require planning permission, and the reasons that you believe that planning permission would not be granted.

Please also kindly let us know by return when and where we can meet.

Thank you

Planning Enforcement Officer
Planning Service
Climate, Homes and Economy Directorate

Tue, Jun 11, 3:10 PM

Good afternoon,

I am emailing from Hackney Council's Planning Enforcement Team regarding the above enforcement case relating to the erection of unauthorised signage. I have now taken over this case from Ryan Pinkett who has now left the Council, so please direct any future queries to me.

I can see from the notes Ryan has left on the case that he has required the removal of the sign as it does not benefit from advertisement consent or planning permission and is therefore unauthorised. I can also see that his request to remove the sign was not undertaken and the sign remains in place.

Whilst the Council is supportive of making Hackney's roads safer the display of signage on a public highway is regulated by both national and local legislation. The display of advertisements and signage is controlled by The Town and Country Planning (Control of Advertisements) (England) Regulations 2007, which sets out the conditions and regulations for the display of advertisements.

Whilst I appreciate the sign in question is not an advertisement in the traditional sense, in planning terms an advertisement is defined in Section 336(1) of the Town and Country Planning Act 1990 (as amended) as:

"any word, letter, model, sign, placard, board, notice, awning, blind, device or representation, whether illuminated or not, in the nature of, and employed wholly or partly for the purposes of, advertisement, announcement or direction, and (without prejudice to the previous provisions of this definition) includes any hoarding or similar structure used or designed, or adapted for use and anything else principally used, or designed or adapted principally for use, for the display of advertisements."

As such the sign in question is considered to be an advertisement as per the above definition and is therefore required to adhere to the conditions and regulations set out in the Control of Advertisements Act. In this instance the advert is not considered to adhere to the regulations due to its impact on road safety and the design of the sign and the impact on the visual amenity of the area. For these reasons the sign is unlikely to get retrospective consent and it is therefore requested that the sign is removed. If the sign is not removed the Council will use the powers available under Section 225A of the Town and Country Planning Act 1990 (as amended) to serve a Removal Notice for the removal of the sign.

If you do wish to go through the Council to make Hackney's Roads safer I would advise speaking with your local Councillor in the first instance as they would be best placed to advise on the correct avenues to go down to do so.

Please set out a timetable for when the sign will be removed, if an acceptable time period can not be agreed upon the Council will take formal action.

Kind regards,

Angus Cunningham

Hi Angus

We write in reply to your message below. Thank you for providing the basis for your understanding that the notice concerned requires planning permission.

As I am sure you will appreciate, this is not a clear and straightforward legal matter, therefore, in the best interests of all concerned for the safety and health of all local residents, drivers and school children, we appeal to you to meet with us before we agree for an acceptable time period to remove this sign to discuss any problems you may have with our notice.

I am sure that with goodwill and dialogue between us a good solution can be found that will be to everyone's benefit.

We look forward to your positive response

Thank you

Yours

Mon, Jun 17, 2:05 PM

Angus Cunningham

to me

Good morning,

From our view as the Local Planning Authority the matter is a clear and straightforward legal matter in that a sign has been erected without the appropriate consent. The sign is therefore unauthorised and should be removed in order to avoid formal action. Your concerns regarding road safety is a separate matter and is not something the planning service at Hackney can assist with. There are other more appropriate avenues to raise these concerns including your local councillor.

In light of the above there would be little benefit of meeting on site to discuss the case, as from our point of view, there is nothing to be discussed other than the need to remove the sign.

Please set out a timetable for the removal of the sign.

Kind regards,

Angus

Monday Jun 24
10:39 PM

kidssafetyonschoolroads

to Angus

Hi Angus

We note the contents of your message below with disappointment and amazement.

The rights and responsibilities of the Local Planning Authority on issues like this are far from a 'clear and straightforward legal matter' as is obvious from the myriad signposts, notices and displays (some brightly coloured and even illuminated at times) on local streets and private property, about which the authority makes no attempt to enforce removal. Our signposts have not resulted in any 'distraction' to drivers and have had no negative effect at all. In fact, we have clear evidence of their positive effects.

It is therefore totally incomprehensible that the successful efforts of our group and our supporters to raise awareness of the School Streets scheme and improve its observance and effectiveness are being fought by the planning authority with such determination – to the extent that they are repeatedly refusing to engage in any dialogue that would be of benefit to all concerned.

May I again appeal to you to reconsider this inexplicable course of action and agree to meet with us in order to come to an amicable agreement.

Kind regards

< A project of Agudas Yisroel >

Tenant Found!

Buying our home was an intense project, as anyone who's bought can tell you. When we finally found just the right house at just the right location, we dove headfirst into the technical paperwork.

The price was high, but we figured that the rental unit downstairs would help us pay our mortgage. We were approved by the bank and began moving forward with our move.

We placed an ad in the classifieds, looking for a tenant. No response. One week passed and then another. One month and then another. Still no tenant.

How could we fill that hole in our monthly budget?

It was my wife who came up with the idea. "We already did our technical hishtadlus. Maybe we should turn directly to the One Who sustains us?" She suggested having Tehillim Kollel as our messengers, to daven on our behalf every single morning.

We signed up.

Just a few hours passed. The very next morning, after a minyan of bnei Torah mentioned our request when saying sefer Tehillim, the telephone rang.

A businessman was ready to rent our space for his office!

And my feeling? It's a miracle! There's simply no other way to describe it. After waiting so long, we finally have a tenant who's been paying up in full, on time.

Dear H Fried

I appreciate you suffering from lingering cough, but I was very disturbed to see your letter.

Taking anti histamine is putting a plaster on the issue without knowing the root cause, how can you ever get better?

Overuse of anti histamine can lead to blurred vision, and diploicia. Cardiovascular findings include tachycardia and both hypertension and hypotension and increase the risk for developing dementia. While also depleting the body of melatonin, vitamins A, B9, B12, C, and D leading to lower immune. It's definitely not a safe option for long term use.

Dear readers, if your GP can't help, it does not mean there are not real answers out there.

Malky Lebo, IHP

Dear Neighbour

When you filled my brown bin with all your garden waste you may not have been aware that there is now a charge for collecting the Brown Waste bin every two weeks. We paid up for the year and now that you have kindly disposed of your garden waste in our brown bin there is no room for us to put our garden waste.

I can easily find out who you are as my neighbour has a CCTV, but I will give you the benefit of the doubt that you were unaware that you acted incorrectly. You have also filled my neighbour's brown bin. The rubbish will be there indefinitely as they have not been paid for.

To all those who have garden waste and have not paid for collection please do not dispose in your neighbour's brown bin.

M.S.

Dear Readers

I recently had to look for a lost item in the lost property from the Belz

Chassuna hall.

It was very disturbing to see how much lost property has accumulated. siddurim, tehillims, brand new shoes, new kallah gifts, umbrellas, jackets, a set of 2 beautiful velvet baby outfits, brand new with label still on, etc.

It takes only a call/visit to the hall to arrange to collect items left behind. All items are in separate boxes marked per month, so easy to locate.

We have a mitzva of ensuring not to do baal tashchis.

The number for the hall is 020 3475 8080 opt 3 or just go over between 1-4pm and tell the security guard you wish to check lost property.

Hatzlocho.

Dear Readers

Lately, I have been eyeing with interest, the many adverts about the success of the סגולה of חרש בן חרש. At some point it started talking to me, maybe I should try it (after all who is not in need of some ישועה). Then I came to wonder - is this really what הש"ת is waiting for me to do, of course ישועה in his kindness shows us ישועה through סגולות, but is this the real thing? After all, חרש בן חרש once asked to move for the better - but what?

And then a thought came to my mind. I remembered the story I've been reading for years in פרקי אבות on the משנה, אל תרבה שיחה עם האשה, there is a story about the holy חרש בן חרש, who reached in the exalted level of קדושה, as he never spoke to a woman. One day the שטן was envious of the fact that a human being can reach search heights and asked הש"ת to allow him to challenge the צדיק. He was granted permission and thus presented himself in front of the צדיק in the disguise of a woman. חרש בן חרש spontaneously turned away not to gaze at her but she continuously tried to catch his eyes. חרש then asked one of his תלמידים

Mrs G.

to bring a hot needle and burnt his own eyes!

Thus the שטן was shocked and there was a big uproar in שמים. Then חרש בן חרש was sent down to heal the צדיק. חרש בן חרש only allowed himself to be healed once he was informed that the שטן will no longer have power over him.

Now, how about if we avoid anything that may cause undue attention to ourselves (even if this is not our intention) be it by excessive make-up, attractive/long sheitels, short/tight fitting clothing, etc. I think the זכות of חרש בן חרש will surely be מגן and we will be זוכה to an abundance of ברכות, ישועות, רפואות.

I am writing this as a זכות for someone and will publicise it when I see a complete ישועה.

L.P.

Dear Readers

As an auntie in kindergarten, I was talking to another auntie from a different school, and I was telling her that the feedback from mothers in the form of mitzva tzeitlech or notes, gives me a lot of chizuk and satisfaction in my job.

She was really puzzled about my statement and told me that she never gets to see such notes, and therefore has no idea what the mothers had to say about all the hard work of the aunties, let alone all day מצות the children do at home.

I then realised that we both work in the afternoon. The morning auntie's, upon receiving the notes, read them and duly file them in the corresponding child's mitzvah train/chart.

Years ago, when I realised I was missing out because of this understandable system, I asked the morning aunties of my class, to leave the notes out for me and my assistant. I then file it away in the mitzva train.
