Was the manager of Bikur Cholim Hospital while he did the treatment 30 years ago.

It fried to stop snoking on many occasions, but was never successful, until I heard about former's chinic, at the Bikur Cholim Hospital. They suggested me to attend the chinic. I was aniazed after only one session lifetim oneed to smoke. It was a unique experience! Now, 30 years later into longer smoke and have suffered no lifetiats from giving up:

R. Mann's a manager in the Ezra.

U'Marpeh organization.

He stripped smaking 27 pag.

He stopped smoking 27 ago.

Until you come to Torrier's clinic you want believe that it is possible after thirty yeas of smoking to stop in one day. Now 27 years on, I feel great, I feel no need to smoke and I have encouraged many people to go to Torrier's clinic.

It maily works.

Rabbi Moshe Landa

Moshe is a manager in the Ezra U'Marpeh clinic.

In the past I tried unsuccessfully to step smoking many time, using namerous types of treatment. After one session at Tomer's citric, I no longer felt the need to smoke, even though I was under a lot of pressure at the time. I feel better in myself and haven't smoked for 27 years and my life has much improved.

As Fruit and vegetables of Eretz Yisroel produce is often sold locally, one must be cautious of this whilst shopping. If these have been purchased or in one's possession, one is required Halachically to separate Trumo & Maaser and also redeem the Masser Sheini, known in Halocho as "Pidyon Masser Sheini".

For the benefit of the public, Kedassia has obtained a coin "Matbeia Pruto Chamuro" for the above Pidyon Masser Sheini. The coin is located at the Kedassia office and whoever wishes to carry out the Pidyon is required to leave a message via the options given on the Kedassia Telephone system 020-8802-6227, Opt. "0". On this line one can also hear the Nusach to be recited whilst carrying out Trumos & Massros and Pidyon Masser Sheini.

Dear Bubby and Mother of a Child With her Potential

Yes you write on behalf of myself, my friend, my cousin and my neighbour!

We are grateful for the beautiful school performances and extra curricular programmes. As to them being run in a wholesome manner and with every single child transparently in mind, there is way for improvement, especially in the senior schools where teachers are perhaps less directly involved.

May we please suggest that it's time the School Heads dedicate a training session on this pressing issue, and share their resolutions with us parents, so each and every child will have equal opportunity to shine like the princess she deserves to be.

Thank you!

S.R.

Dear Readers

In reply to the letters regarding shows and soloists, as a recent graduate I want to write from a pupil's perspective.

One show year particularly stands out in my mind, and I know it does too for many of my classmates. When we went to test and watched others testing, we all unanimously agreed that classmate X beat everyone to the main part. Classmate X was a genuine tsnius'dig girl. She wasn't a girl who made a noise about herself and we never felt obliged to say she outdid everyone. Neither was she the girl who had been chosen previously. We said so because it was obvious even to those who hoped their noise or status would earn them the part. Classmate X performed with flair as no one else did. It was so black and white to us that she would get a main part, that while we waited for the 'show list' to come out we called her by the names of the parts. We waited eagerly just to see which of the names would indeed be her's.

The show list came. Classmate X had not been given any part. Not even a side part. Now with more maturity, my heart throbs and I wonder how she had the strength to move on. But what I did wonder back then, and I know I speak for many classmates too, we felt let down by that show list. We knew none on the list came close to classmate X. And although as fun loving teenagers we allowed ourselves to get carried away with the rehearsals and sell tickets, we never forgot.

I am not here to question those in charge, just making them aware how the pupils view their actions, and vehvissem nekivim.

Thank you.

Dear Parents of Children Receiving 2-3/3-4 Year Old Funding

You may not be aware that children receiving the above mentioned benefit periodically receive vouchers to spend at supermarkets. This can either be paid directly to parents or through your nursery provider.

If you have not been receiving it, make sure to ask your nursery provider to give it to you when they receive it. The vouchers get sent by email. If you don't have an email address, make sure you ask your nursery to print out the voucher for you.

Vouchers can be spent in the supermarket of your choice e.g. Sainsbury's Morrison's, etc.

Dear Readers

I wonder if you would have any information about ear piercing after having the ear lobe stitched.

I have been advised that the conventional ear piercing places stress on the scar tissue and can cause it to reopen.

Please respond through this column.

E.S.

Dear Readers

I have a very hard time at simchos as the music is so painful for my ears.

I found a brilliant product noise cancelling earplugs which tones down the music to an enjoyable level while still being able to hear conversations. The best part is it's clear and small so hardly/completely unnoticeable yet comfortable.

Enjoy your simchos to a new degree.

To All Office Employers

We here are a team of burnt out women employees.

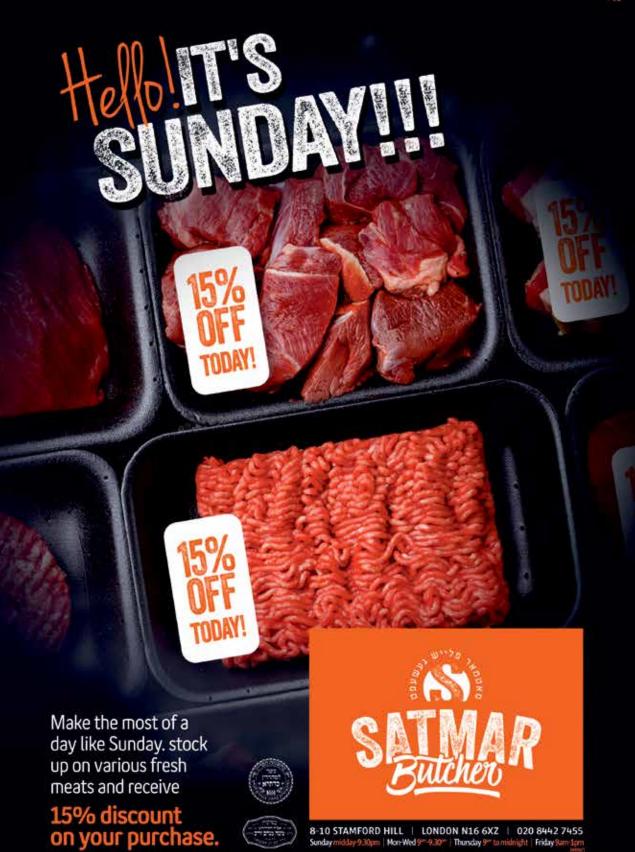

Although we pride ourselves good at our office jobs and have many years experience and preform well.

We are paid at a lower wage then our male colleagues who are younger, less experienced and do less work, yet are valued more over us because their availability to come in to the office and are not held down to unwell kids, appointments, kids off school etc.

Although this bothers us, we accept it and continue in this environment.

My question to the employer is as follows, if you pay us less because we aren't as 'available ' then a male employee, then why the big fuss when we do need to take the day off, can't start as soon as you want because we have children?

E

Accepted in Yeshivah - in the zechus of the Ribnitzer

It can happen. When it comes to getting accepted in yeshivah, some boys fall out of the system. The only question I had was: Why my sons? Why did I have to deal with the double pain of two boys struggling to get into yeshivah? They're good boys, my sons - refined and ehrlich. We only needed one yeshivah to take them in. Yet somehow, finding a good fit was a challenge.

And I had my challenge cut out for me this summer. Both my bachurim were home. I was pained to the core, and the thought of their future terrified me.

I decided to act on my pain. I called Tehillim Kollel and asked to be mazkir my sons' names at the Ribnitzer Rebbe's tzion.

It didn't take long for the words of Tehillim and the power of the Ribnitzer, zy"a, to set things in motion. I was overjoyed when a respectable yeshivah notified us that they were willing to accept both my sons for the upcoming Elul zman.

My only request: "Please, continue to daven that everything should work out and that my children should adjust to their new yeshivah easily. And of course, that we should see only Yiddish nachas from them!"

Have the zechus of the heilige Ribnitzer Rebbe, zy"a, during the Yemei Ratzon and yahrtzeit, Isru Chag Sukkos!

Sefer Tehillim in Ribnitz - recited for you daily.
